This product allows the installation in any part of vehicle of a usbport and a 4pole jack connector. The extension lead can be connected to any type of aftermarket carradio that these inputs and allows the installation of these ports in the most convenient place, hiding the cables. Depending on the type of carradio installed, the usb port allows to connect storage devices or charging mobile phones, iPhones and iPad, while the 4pole jack connector* transmits both audio and video signals.

PARROT CK3200-3400GPS-MK6000 C0001-DIR	NOKIA CK 91-74-109-111-128-132-134/MR.HANDSFREE C0002-DIR	NOKIA CK 112-126-143-610-616-610-CK1W-7W-CK20W-CK15W C0003-DIR	FWD AUDIO 2000-3000/ALAC BLUETOUCH/MOTOROLA (06 >) C0004-DIR
FWD EGO C0005-DIR	SIEMENS 35-45-55-60 series C0006-DIR	ERICSSON HCA-60 C0007-DIR	

I cablaggi della serie "DIR" sono utilizzati nelle autovetture con un ingresso "phone-in". Con questa funzione regoliamo direttamente il volume della conversazione telefonica dal tasto volume +/- dell'autoradio, ed abbiamo un suono perfetto senza interferenze. Il cablaggio è predisposto per i kit viva voce Parrot CK3000/CK3100/CK3300, ma se ci fosse un Kit viva voce differente andranno acquistati gli adattatori specifici per ogni kit viva voce (es.C0001-DIR per kit viva voce....., ecc...). **NB: Durante l'installazione del cablaggio ricordatevi sempre (se necessario) di attivare la funzione di mute input direttamente dall'autoradio.**

The vehicle-harness of the "DIR" series are used in cars that have the "phone-in" function. With this function you can control the volume of your phone call directly from the car radio (volume +/-), besides the sound is perfect, with no interference. This harness is arranged for the hands-free-kit Parrot CK3000/CK3100/CK3300, in the presence of a different hands-free-kit, it is necessary to buy the specific adapters for each type of hands-free-kit (ex.C0001-DIR for hands-free-kit....., etc...). **NB: During the installation of this vehicle-harness, please do not forget to activate (if necessary) the function mute input directly from the car-radio.**

FWD EGO C0005-DIR	SIEMENS 35-45-55-60 series C0006-DIR	ERICSSON HCA-60 C0007-DIR	

I cablaggi della serie "DIR" sono utilizzati nelle autovetture con un ingresso "phone-in". Con questa funzione regoliamo direttamente il volume della conversazione telefonica dal tasto volume +/- dell'autoradio, ed abbiamo un suono perfetto senza interferenze. Il cablaggio è predisposto per i Kit viva voce Parrot CK3000/CK3100/CK3300, ma se ci fosse un Kit viva voce differente andranno acquistati gli adattatori specifici per ogni kit viva voce (es.C0001-DIR per kit viva voce....., ecc...). **NB: Durante l'installazione del cablaggio ricordatevi sempre (se necessario) di attivare la funzione di mute input direttamente dall'autoradio.**

The vehicle-harness of the "DIR" series are used in cars that have the "phone-in" function. With this function you can control the volume of your phone call directly from the car radio (volume +/-), besides the sound is perfect, with no interference. This harness is arranged for the hands-free-kit Parrot CK3000/CK3100/CK3300, in the presence of a different hands-free-kit, it is necessary to buy the specific adapters for each type of hands-free-kit (ex.C0001-DIR for hands-free-kit....., etc...). **NB: During the installation of this vehicle-harness, please do not forget to activate (if necessary) the function mute input directly from the car-radio.**

START & STOP SYSTEM FOR AFTERMARKET RADIO

BMW GROUP (10 >)

C9544-S&S

The start & stop circuit allows to keep the aftermarket car-radio on if a vehicle is equipped with start & stop system

CUSTOM CABLE FOR PARROT CAR-KIT CK3000/CK3100/CK3300

C-CROSSER (07 >)

WITHOUT NAVI SYSTEM & WITH AND WITHOUT AMPLIFIED SYSTEM

C5534DIR

I cablaggi della serie "DIR" sono utilizzati nelle autovetture con un ingresso "phone-in". Con questa funzione regoliamo direttamente il volume della conversazione telefonica dal tasto volume +/- dell'autoradio, ed abbiamo un suono perfetto senza interferenze. Il cablaggio è predisposto per i Kit viva voce Parrot CK3000/CK3100/CK3300, ma se ci fosse un Kit viva voce differente andranno acquistati gli adattatori specifici per ogni kit viva voce (es.C0001-DIR per kit viva voce....., ecc...). **NB: Durante l'installazione del cablaggio ricordatevi sempre (se necessario) di attivare la funzione di mute input direttamente dall'autoradio.**

The vehicle-harness of the "DIR" series are used in cars that have the "phone-in" function. With this function you can control the volume of your phone call directly from the car radio (volume +/-), besides the sound is perfect, with no interference. This harness is arranged for the hands-free-kit Parrot CK3000/CK3100/CK3300, in the presence of a different hands-free-kit, it is necessary to buy the specific adapters for each type of hands-free-kit (ex.C0001-DIR for hands-free-kit....., etc...). **NB: During the installation of this vehicle-harness, please do not forget to activate (if necessary) the function mute input directly from the car-radio.**

Con questa funzione regoliamo direttamente il volume della conversazione telefonica dal tasto volume +/- dell'autoradio, ed abbiamo un suono perfetto senza interferenze. Il cablaggio è predisposto per i Kit viva voce Parrot CK3000/CK3100/CK3300, ma se ci fosse un Kit viva voce differente andranno acquistati gli adattatori specifici per ogni kit viva voce (es.C0001-DIR per kit viva voce....., ecc.). NB: Durante l'installazione del cablaggio ricordatevi sempre (se necessario) di attivare la funzione di mute input direttamente dall'autoradio.</p> <p>The vehicle-harness of the "DIR" series are used in cars that have the "phone-in" function. With this function you can control the volume of your phone call directly from the car radio (volume +/-), besides the sound is perfect, with no interference. This harness is arranged for the hands-free-kit Parrot CK3000/CK3100/CK3300, in the presence of a different hands-free-kit, it is necessary to buy the specific adapters for each type of hands-free-kit (ex.C0001-DIR for hands-free-kit....., etc...). NB: During the installation of this vehicle-harness, please do not forget to activate (if necessary) the function mute input directly from the car-radio.</p>

WITHOUT NAVI SYSTEM & WITH AND WITHOUT AMPLIFIED SYSTEM

C5534DIR

I cablaggi della serie "DIR" sono utilizzati nelle autovetture con un ingresso "phone-in". Con questa funzione regoliamo direttamente il volume della conversazione telefonica dal tasto volume +/- dell'autoradio, ed abbiamo un suono perfetto senza interferenze. Il cablaggio è predisposto per i Kit viva voce Parrot CK3000/CK3100/CK3300, ma se ci fosse un Kit viva voce differente andranno acquistati gli adattatori specifici per ogni kit viva voce (es.C0001-DIR per kit viva voce....., ecc...). **NB:** Durante l'installazione del cablaggio ricordatevi sempre (se necessario) di attivare la funzione di mute input direttamente dall'autoradio.

The vehicle-harness of the "DIR" series are used in cars that have the "phone-in" function. With this function you can control the volume of your phone call directly from the car radio (volume +/-), besides the sound is perfect, with no interference. This harness is arranged for the hands-free-kit Parrot CK3000/CK3100/CK3300, in the presence of a different hands-free-kit, it is necessary to buy the specific adapters for each type of hands-free-kit (ex.C0001-DIR for hands-free-kit....., etc...). **NB:** During the installation of this vehicle-harness, please do not forget to activate (if necessary) the function mute input directly from the car-radio.

Con questa funzione regoliamo direttamente il volume della conversazione telefonica dal tasto volume +/- dell'autoradio, ed abbiamo un suono perfetto senza interferenze. Il cablaggio è predisposto per i Kit viva voce Parrot CK3000/CK3100/CK3300, ma se ci fosse un Kit viva voce differente andranno acquistati gli adattatori specifici per ogni kit viva voce (es.C0001-DIR per kit viva voce..... ecc...). NB: Durante l'installazione del cablaggio ricordatevi sempre (se necessario) di attivare la funzione di mute input direttamente dall'autoradio.</p> <p>The vehicle-harness of the "DIR" series are used in cars that have the "phone-in" function. With this function you can control the volume of your phone call directly from the car radio (volume +/-), besides the sound is perfect, with no interference. This harness is arranged for the hands-free-kit Parrot CK3000/CK3100/CK3300, in the presence of a different hands-free-kit, it is necessary to buy the specific adapters for each type of hands-free-kit (ex.C0001-DIR for hands-free-kit....., etc...). NB: During the installation of this vehicle-harness, please do not forget to activate (if necessary) the function mute input directly from the car-radio.</p>

I cablaggi della serie "DIR" sono utilizzati nelle autovetture con un ingresso "phone-in". Con questa funzione regoliamo direttamente il volume della conversazione telefonica dal tasto volume +/- dell'autoradio, ed abbiamo un suono perfetto senza interferenze. Il cablaggio è predisposto per i Kit viva voce Parrot CK3000/CK3100/CK3300, ma se ci fosse un Kit viva voce differente andranno acquistati gli adattatori specifici per ogni kit viva voce (es.C0001-DIR per kit viva voce....., ecc...). **NB: Durante l'installazione del cablaggio ricordatevi sempre (se necessario) di attivare la funzione di mute input direttamente dall'autoradio.**

The vehicle-harness of the "DIR" series are used in cars that have the "phone-in" function. With this function you can control the volume of your phone call directly from the car radio (volume +/-), besides the sound is perfect, with no interference. This harness is arranged for the hands-free-kit Parrot CK3000/CK3100/CK3300, in the presence of a different hands-free-kit, it is necessary to buy the specific adapters for each type of hands-free-kit (ex.C0001-DIR for hands-free-kit....., etc...). **NB: During the installation of this vehicle-harness, please do not forget to activate (if necessary) the function mute input directly from the car-radio.**

C0005-DIR	C0006-DIR	C0007-DIR	

I cablaggi della serie "DIR" sono utilizzati nelle autovetture con un ingresso "phone-in". Con questa funzione regoliamo direttamente il volume della conversazione telefonica dal tasto volume +/- dell'autoradio, ed abbiamo un suono perfetto senza interferenze. Il cablaggio è predisposto per i Kit viva voce Parrot CK3000/CK3100/CK3300, ma se ci fosse un Kit viva voce differente andranno acquistati gli adattatori specifici per ogni kit viva voce (es.C0001-DIR per kit viva voce....., ecc...). **NB: Durante l'installazione del cablaggio ricordatevi sempre (se necessario) di attivare la funzione di mute input direttamente dall'autoradio.**

The vehicle-harness of the "DIR" series are used in cars that have the "phone-in" function. With this function you can control the volume of your phone call directly from the car radio (volume +/-), besides the sound is perfect, with no interference. This harness is arranged for the hands-free-kit Parrot CK3000/CK3100/CK3300, in the presence of a different hands-free-kit, it is necessary to buy the specific adapters for each type of hands-free-kit (ex.C0001-DIR for hands-free-kit....., etc...). **NB: During the installation of this vehicle-harness, please do not forget to activate (if necessary) the function mute input directly from the car-radio.**

C0005-DIR	C0006-DIR	C0007-DIR	

I cablaggi della serie "DIR" sono utilizzati nelle autovetture con un ingresso "phone-in". Con questa funzione regoliamo direttamente il volume della conversazione telefonica dal tasto volume +/- dell'autoradio, ed abbiamo un suono perfetto senza interferenze. Il cablaggio è predisposto per i Kit viva voce Parrot CK3000/CK3100/CK3300, ma se ci fosse un Kit viva voce differente andranno acquistati gli adattatori specifici per ogni kit viva voce (es.C0001-DIR per kit viva voce....., ecc...). **NB: Durante l'installazione del cablaggio ricordatevi sempre (se necessario) di attivare la funzione di mute input direttamente dall'autoradio.**

The vehicle-harness of the "DIR" series are used in cars that have the "phone-in" function. With this function you can control the volume of your phone call directly from the car radio (volume +/-), besides the sound is perfect, with no interference. This harness is arranged for the hands-free-kit Parrot CK3000/CK3100/CK3300, in the presence of a different hands-free-kit, it is necessary to buy the specific adapters for each type of hands-free-kit (ex.C0001-DIR for hands-free-kit....., etc...). **NB: During the installation of this vehicle-harness, please do not forget to activate (if necessary) the function mute input directly from the car-radio.**

START & STOP SYSTEM FOR AFTERMARKET RADIO

VW GROUP (10 >)

C9544-S&S

The start & stop circuit allows to keep the aftermarket car-radio on if a vehicle is equipped with start & stop system

REMOTEPUS-01 (REMOTE ACTIVATION EXIT 10A MAX)

REMPLU-01 È DOTATO DI UNA USCITA DI ATTIVAZIONE REMOTE CHE GESTISCE UN'ALIMENTAZIONE A 12 VOLT FINO A 10 AMP. MAX, E SI ATTIVA NEL MOMENTO IN CUI IL CIRCUITO ELETTRONICO, PERCEPISCE UN SUONO/MUSICA IN USCITA DALL'AUTORADIO.

REMOTEPUS-01 UNIT IS EQUIPPED WITH A REMOTE ACTIVATION EXIT THAT SET THE 12VOLT POWER SUPPLY UP TO 10 AMPS MAXIMUM AND IT STARTS UP WHEN THERE IS SOUND/MUSIC OUT FROM THE CAR RADIO.

REMPLU-01

This product allows you to create in any vehicle a USB current drive of 5V-2.1A.
Easy to install, it supports charging of any device up to 2.1A.
Is ideal for charging all USB devices like mobile phones, MP3, iPhone, iPod and iPad.
INPUT VOLTAGE: 12V OR 24V DC - OUTPUT VOLTAGE: 5V DC - OUTPUT CURRENT: MAX 2.1A

CONDIZIONI DI GARANZIA

- Quanto visibile nel presente catalogo, è puramente informativo e la European Business Solutions BV, senza alcun preavviso, si riserva in qualunque momento di operare aggiornamenti, migliorie e varianti ai prodotti raffigurati.
- La garanzia riconosciuta da European Business Solutions BV è quella dettata dai termini di legge attualmente in vigore.
- Eventuali componenti difettosi dovranno essere resi a European Business Solutions BV direttamente dal Distributore/Cliente, che ha effettuato l'acquisto dalla European Business Solutions BV. Non verranno accettati resi da parte di Clienti non riconosciuti da European Business Solutions BV. Qualora gli articoli resi risultassero essere difettosi a causa di manomissioni o negligenza nel montaggio, non saranno riparati/ripristinati in garanzia. Le riparazioni di prodotti che risultassero essere non coperti da garanzia per le ragioni sopracitate, potranno essere eseguite al costo del tempo e dei materiali impiegati, dietro autorizzazione del Cliente stesso.

WARRANTY

- This catalogue is for information only and European Business Solutions BV, without prior notice, reserves the right at any time to make updates, improvements and variations to the products shown.
- The warranties European Business Solutions BV is dictated by the terms of the law currently in force.
- Any faulty parts should be returned to European Business Solutions BV directly from the distributor/customer, who made the purchase. We will not accept returns from customers that are not recognized by European Business Solutions BV. If the returned items are found to be faulty due to tampering or negligence in the assembly, will not be repaired under warranty. Repair of products found to be not covered under warranty for the reasons mentioned above, can be executed at a cost of time and materials, with the consent of the Customer.

CONDITIONS DE GARANTIE

- Les informations que vous trouverez dans notre catalogue sont à titre informatif; notre entreprise se réserve le droit de faire des modifications, de faire des ajouts, ou de mettre à jour des informations de produits sans avoir à prévenir auparavant.
- Nous appliquons la garantie sur tous nos produits selon la législation en vigueur.
- N'importe quel produit considéré defectueux, doit être contrôlé par notre entreprise. vous pouvez aussi contacter à votre distributeur si vous pensez que votre produit est defectueux ou si un autre problème se présente. Nous ne pouvons accepter de produits defectueux sans avoir l'accord préalable de notre distributeur/client. Nous nous reservons le droit de changer ou de réparer le produit. Nous ne pouvons pas accepter en garantie des produits abîmés lors d'une mauvaise installation ou d'une utilisation mal appropriée. Nous procéderons à la réparation, frais à charge du client pour les produits qui n'ont pas de défaut de fabrication connu. Nous facturerons le coût exact des pièces et de la main-d'oeuvre qui auront été nécessaires pour la remise en état du produit.

KONDITIONEN UNSERER GEWÄHRLEISTUNG

- Alle in diesem Katalog gemachten Angaben dienen nur zur Information und Firma European Business Solutions BV behält sich das Recht vor, ohne vorherige Ankündigung jederzeit Aktualisierungen, Verbesserungen und Änderungen der gezeigten Produkten vorzunehmen.
- Die Firma European Business Solutions BV übernimmt nach geltendem Recht zwei Jahre Gewährleistung ab Rechnungsdatum für gelieferte Produkte an den Ersterwerber.
- Für den Gewährleistungsanspruch müssen die Schadteile der Firma European Business Solutions BV vorgelegt werden. Firma European Business Solutions BV akzeptiert keine Teile die von einem Dritten eingereicht werden, sowie beschädigte, oder abgeänderte Teile. Sachschäden die durch Falschanschluss entstanden sind werden ebenfalls nicht reguliert. Anerkannte Schadteile werden kostenlos repariert oder ersetzt. Nicht anerkannte Schadteile können nach Zustimmung des Kunden kostenpflichtig repariert werden.

CONDICIONES DE GARANTIA

- La información que aparece en este catálogo es puramente informativa, la empresa se reserva el derecho a modificar, ampliar, actualizar o mejorar los productos sin previo aviso.
- La garantía que se aplicará a todos los productos es la que marca la ley.
- Cualquier producto considerado defectuoso, deberá ser verificado por nuestra empresa. Contacte con su distribuidor si cree que el producto es defectuoso o presenta cualquier anomalía. No aceptaremos devoluciones que no sean canalizadas a través de nuestros distribuidores. Nos reservamos el derecho a cambiar o reparar el producto. No podremos aceptar en garantía productos dañados por un mal uso o montaje inadecuado. Se reparará con cargo al cliente, facturando el costo del tiempo y materiales empleados cualquier defecto no imputable al proceso de fabricación.
